

Become a 2027 Conference Partner

We welcome the opportunity to design a partnership that reflects your organization's values, advances the work of communities across the country, and creates meaningful value for conference participants. Because the Signature designation, plenary opportunities, and named conference experiences are limited, early planning provides the strongest selection of available benefits.

For Signature and Presenting partnerships, connect with Catherine Johnson, President and CEO, or your Alliance for HOPE relationship manager. Susan Booth can facilitate an introduction and assist with sponsorship commitments and payment arrangements using the contact information below.

By signing, the sponsor indicates their intent to support the 2027 International Family Justice Center Conference at the level identified above. Sponsorship is confirmed upon approval by Alliance for HOPE International and completion of agreed payment arrangements. Final benefits, deadlines, and other terms will be documented in the sponsorship agreement.
